

Eye on ICAN

BOARDS AND COUNCILS BLAST

Great things are happening at ICAN. Without your continuing support, none of this would be possible. If you donated in 2008, our profound gratitude. If you can accelerate your 2009 donation, you will be positioning us as the leading cancer advocacy organization in the world.

Here's what's happening at ICAN:

ICAN Program Services

Everyone is urged to contribute items to the upcoming February 6 and 7 Garage Sale presented by Friends of ICAN. We all want this to be the best garage sale ever. One of our volunteers will pick up heavy items in her pickup truck on Thursday, February 5th if you call the office at 602-618-0183 to make arrangements for pickup.

Please email Friends of ICAN Chairmen Suzie and Johnny Williams at pics@photokings.com or the office at contact@askican.org if you have any garage

sale contributions to donate. We really need everyone's support to make this happen! Please remember, we'll take anything except

computer monitors. So that means we will accept clothes, toys, kitchen and gardening equipment, books, CDs, and DVDs, posters, paintings, and objets d'art, electronics and appliances, and whatever odds and ends you no longer need. Please call the office or Johnny and Suzie at 480-991-2900 if

you can volunteer for either or both days! The Garage Sale project is so important to ICAN's fundraising efforts.

Phoenix Marketplace will be holding a fundraiser on February 13-14 with sales benefiting ICAN. Please stop by (67th Avenue and Thomas) to say hi and thanks to the retailers!

We are looking for web researchers with a medical or nursing background. If you know anyone who would volunteer, our Cancer Program Services would greatly benefit. Please call ICAN Patient Services at 602-861-9642.

ICAN wants to be your first donation of 2009! Please go to askican.org, and click on donate to take you securely to our web payment area for credit card donations, www.askican.org – many thanks in advance!

Donate Securely online at www.askican.org or call our Credit Card Hotline at 602-861-9642.
